IEI Kuwait Chapter is pleased to announce that Dr Abdul Razzak Rumane, FIE, former chairman, IEI, Kuwait Chapter, had an auspicious rare opportunity to deliver 23rd Dr A.N. Khosla Memorial Lecture during 25th Indian Engineering Congress held at Kochi, India, between Dec 18-19, 2010. This lecture was instituted to perpetuate the memory of Dr Appasha Nath Khosla, a distinguished engineer-administrator of the country.

The Institution of Engineers (India) hosts the Indian Engineering Congress annually which

was thrown open the threshold of knowledge to all, both members and non-members, and has provided them with a forum.

Dr Rumane is an accomplished engineer having received various awards and medals. He is associated with a number of professional organizations. His book titled 'Quality Management in Construction Projects' published by CRC Press (A Taylor & Francis Group Company), Florida, USA is available globally.

The executive committee on behalf of IEI Kuwait Chapter congratulates Dr Rumane.
